Subject: RE: Ocean Acidification

Did you also want to include Dick Feely at this meeting, or just Jan since she is organizing the May meeting? Thx.

Hi Mike,
Yes, thanks, it was great seeing you as well. Thank you for your email and great idea.

Terrie Klinger (cc'd here) and I would most definitely appreciate the opportunity to meet with you all again, to update you on the work the Washington OA Center is doing.

Let me circle with Terrie and a few other key WOAC people, like the postdoc you mentioned, to find optimal times. Fortunately I am around those two weeks, excepting 15, 18, 19 May.

Best regards,

Jan

Jan,

Good to see you at the OA meeting last Wednesday.

As you may recall we had a meeting in August last year where you came to EPA's offices and we discussed work you and your colleagues were doing. We specifically discussed a post-doc that you were hiring to work on OA issues.

Alot has happened since August and we thought it would be good to reconvene to discuss both our recent work and our potential participation in a meeting you are having at the end of May at the UW.

We were thinking of trying to find a time during the weeks of May 11th or May 18th to meet.

Are there any times during those weeks that would work for you?

Thanks.
